### Get Involved with Body/Mind Dynamics

Through her company, Body/Mind Dynamics, Françoise Netter teaches her philosophy of movement and body/mind approach as a path towards mental health, physical well being, emotional growth, and spiritual integration.

*“To explore who we are and to share the depth of that authenticity with the world is indeed our greatest birthright. That exploration will lead us to embrace both the right and the left brain and to incorporate mind, body, emotion and spirit into our work, relationships and life.”*
