

Step 1: Get Onboard the AirCell & DAC "Spring Fling" Promotion

AirCell®

See us at...

- EBACE
- AEA-Geneva

Be ready for your customer demand – and boost your profit margin, too! During our Dealer Profit Promotion, you receive additional discounts based on your volume. Boost your margins while selling more Satcom systems.

DAC and AirCell will be aggressively promoting the leading airborne Satcom solutions. Your customers will see AirCell products in magazine ads, trade shows, and in DAC e-mailings. Be ready for extra sales, and extra profits.

When you order **AirCell ST 3120 Transceivers for MagnaStar®** or **ST 3100 Systems** by June 30, 2004, you automatically get a bonus of bigger profits. It's the easiest money you'll ever make, so don't wait to get started.

Step 2: Do the Math

Quantity	Dealer Profit	Premium Profit
2-3	25%	2%
4-5	25%	3.5%
6+	25%	5%

Choose the ST 3100 System (ST 3100, Iridium antenna, cordless handset and extra handset of your choice, qualifying Silver Service rate plan) for a compact, yet complete Satcom solution. It's ideal for fixed-wing or helicopter operators looking for a cost-effective, reliable communications tool.

Or choose our new ST 3120 Transceiver for MagnaStar systems. Compact and easy to install, the ST 3120 expands the capability of a MagnaStar phone – giving you two new channels of global satellite voice and data telecommunications worldwide.

Regardless of which AirCell Satcom solution you choose, you get the famous AirCell benefits.

AirCell Benefits Summary
