HelpLogic Seminar on September 24

Don't miss Phil Tobias' Expert Session "HelpLogic: Dirt-Cheap, Cross-Platform Help Authoring" on September 24 at the BWA Expo in Boulder, Colorado (USA). Besides presenting a great walkthrough of some of HelpLogic's time-saving features for help authors and documentation writers, Phil will also be giving away a free HelpLogic license to one lucky session attendee! So if you're near Boulder, Colorado on September 24, you should definitely check it out!

For details on Phil's HelpLogic Expert Session:

Phil Tobias' official web site:
<http://www.philiptobias.com/>

Phil is not affiliated with Electric Butterfly in any way, but he does appear to be a happy HelpLogic customer. When he told us that he was presenting this Expert Session on HelpLogic, we just had to share the great news with everyone!

Best Regards,
Dave Wooldridge
