TBM 900

330KTS

The **new** fastest certified single-engine Turboprop

Even more performance and comfort

Speed 330KTS, Range 1705NM, Take Off 76DB – The new TBM 900 has more of everything you demand in a business aircraft.

The world's fastest single turboprop provides more speed, more range, more quiet. It also offers enhanced cockpit ergonomics plus a more comfortable interior design.

Contact RAS to experience the new TBM 900 for yourself.
